OSHA-Compliant Safety Training

Eliminate the hidden costs of safety training.

PMA has teamed with Webnettraining to offer PMA members general OSHA-compliant safety training over the Internet. Webnettraining's unique web-based safety training offers more than just great OSHA-compliant safety training—it is an entire system that automatically documents and monitors for compliance.

The Webnettraining system removes as much as 70 percent of the work required for general OSHA safety training, minimizing the need for time-consuming safety meetings.

The easy-to-use-and-administer Webnettraining system can save the average 100-employee company as much as \$40,000 per year in safety training costs.

Webnettraining provides PMA members a free password to test-drive the system and offers a 10-percent discount upon purchase.

>>> For more information, visit www.webnettraining.com or contact Gregg Juster at gregg@juster.com or 513-858-3000 or Shale Juster at shale@juster.com or 763-424-8775.
