

**PRESS SELECTION PRESENTATION—  
SELECTING THE RIGHT PRESS FOR THE  
JOB**

Includes tour of Greenerd Press and Machine

The PMA **New England District** will host Jim Schulte from Nidec Minster Company to discuss **Press Selection—Selecting the Right Press for the Job**.

With all the material and equipment innovations, our industry is rapidly changing. This leaves a lot to be decided by toolmakers, tool designers, plant managers, and others.

For this purpose, we are gathering experts from leading equipment manufacturers to help with these decisions.

**Speaker**

*Jim Schulte, General Manager, Servo & Contract Products, **Nidec Minster Company***

Jim will compare the differences in mechanical and servo power presses. Listen as Jim provides practical solutions to how the right press selection can optimize daily approaches for blanking, drawing and forming applications. With more than 20 years of experience, Jim has worked with customers in metalforming equipment applications and project management as well as contract and automotive segment sales.
