

WHAT IS METALFORM EDU?

METALFORM
TRAINING ANYTIME, ANYWHERE  **EDU**

Our industry faces many workforce development challenges—finding and assessing candidates, onboarding new employees, and upskilling existing talent at all levels, from the shop to the office.

METALFORM EDU is a great supplement, or start, to your company's training program. This flexible, comprehensive, convenient and affordable online training system is accessible anytime, anywhere with an internet connection. **METALFORM EDU** helps increase employees' productivity, skills and engagement by providing them with access to modern, interactive courses based on individual, department and company-wide needs.

PMA made a significant investment in developing modern online courses, in partnership with adult learning and development experts, and instructional designers. All courses include a study guide, interactive content with narration, simulations and activities, and a final graded assessment. PMA also ensured that our technical courses are aligned with the appropriate NIMS Skills Standards.

Our **METALFORMING LICENSES** (English and Spanish are available) provide access to PMA-exclusive content on press shop operations, die setting, lockout/tagout and more.

The **FULL LIBRARY LICENSES** include access to all of the PMA-exclusive content as well as 520+ courses in communication, customer service, math, time management, health and safety, lean, quality, six sigma, CNC machining, tooling, welding, measurement, and more.

Overcome the manufacturing skills gap by enhancing your training program with METALFORM EDU.
